

Many sections of '**Times of India**' such as national news, international news, science and technology, etc., are at the heart of information. Times of India offers a lot of added value not only to those who are preparing for various competitive exams but also to anyone who is interested in getting a real perspective on what's going on around him or her.

The Times of India (TOI) ePaper is a digital replica of the Times of India newspaper. It offers the same content as the print edition, but in a convenient digital format that can be accessed from anywhere with an internet connection.

The TOI ePaper is available for both free and paid users. Free users can access limited content, including the front page, headlines, and some select articles. Paid users, known as TOI+ subscribers, have access to the full content of the ePaper, including all articles, editorials, and supplements.

The TOI ePaper is a valuable resource for anyone who wants to stay informed about the latest news and current affairs in India and around the world. It offers a wide range of content on a variety of topics, including:

- National and international news
- Government policies and programs
- Social and economic issues
- International relations
- Science and technology
- Culture and environment

The TOI ePaper also publishes a number of supplements, such as the Lifestyle supplement, the Education supplement, and the Business supplement.

The TOI ePaper is a comprehensive and informative resource for anyone who wants to stay ahead of the curve on the latest news and current affairs. It is easy to use and navigate, and it offers a wide range of content that is relevant to readers of all levels
