

Electric Vehicle 10 Year Forecasts

Global EV sales are set to soar, with major car markets already announcing long-term bans on sales of petrol and diesel models. Access to reliable and comprehensive intelligence on the fastest growing segment of the autos industry is now paramount for manufacturers, suppliers, utilities and infrastructure providers as they implement their strategies for success.

Now you can access detailed country-level data for **ALL 52 global markets** where electric vehicles are sold, allowing you to:

- Measure development in the sector
- Quantify demand for EVs
- Judge the impact on related industries, such as infrastructure, oil & gas, metals and power

Unique to Fitch Solutions, this new, proprietary dataset has been researched at source and is the **ONLY** database of its kind on the market. It cuts through the noise and provides a reliable picture of the sector on a country-by-country level:

Historical EV Sales & Fleet Data up to 10 Years

10 Year Forecasts for EV Sales & Fleet

Battery EV and Plug-in Hybrids Penetration Rates
